

Giving World was established in 2001 with a single mission: to deliver life essential supplies to people in need.

Giving World alleviates the hardship experienced by those living in poverty by redistributing surplus stock donated by businesses across the UK: life essentials like shampoo, bedding, nappies, washing powder

and warm clothing. For many these items have already become a luxury.

We help more than 300,000 vulnerable people by providing over **1 million essential items**, annually.

GET INVOLVED... WITH FAMILY PACKS!

If your business does not generate surplus stock, you and your staff can still get involved in our **Family Packs** scheme.

Due to COVID-19 over **1 million more** UK people will join the **14.3 million** already living in poverty.

Through CSR or staff contributions, you and your teams can buy and prepare Family Packs, which we will swiftly pass on to people in need.

A Family Pack costs less than £10, and consists of....

- Shower gel
- Shampoo
- Toilet rolls
- Washing detergent
- Bars of soap
- Washing up liquid
- Household cleaning product

PLAY A REWARDING ROLE...BUY ESSENTIAL ITEMS, VOLUNTEER TO MAKE UP THE PACKS, AND HELP FAMILIES IN NEED.

To find out more about Family Packs please contact Sujata on 07887 775644 or email:

sujata@givingworld.org.uk
